

The Topeka State Journal.

10 CENTS A WEEK.

NIGHT EDITION.

TOPEKA, KANSAS, MONDAY EVENING, JUNE 4, 1894.

TWENTY-SECOND YEAR.

FREE SILVER

Must Be the Battle Cry of Republicanism.

Says Wm. Higgins, Ex-Secretary of State.

HIGGINS IS SHREWD.

Ninety Per Cent of the Kansas People

Are For Free Silver Says Mr. Higgins.

Therefore It Must Go Into the Republican Platform.

Ex-Secretary of State William Higgins has been listening with the ear of a trained politician to what the masses of the people are saying, and he has heard enough to convince him that Kansas is overwhelmingly for the free coinage of American silver.

Mr. Higgins is to be one of the most prominent men in the coming Republican state convention. He is always one of the best informed men on Kansas Republican politics. He arrived in town yesterday and is at the Copeland dressed in a new suit of clothes.

To a STATE JOURNAL reporter Mr. Higgins said: "Free silver is to be the key note of this convention. This is the issue upon which the Republicans of Kansas, with a good ticket can march to victory. For the last five months I have been making a study of this financial question and I know what I am talking about. I know as many farmers as any other man in the state and I am convinced that 90 per cent of the farmers of Kansas are in favor of free silver—American silver at the ratio of 16 to 1. I have been writing letters to my friends over the state and they all tell me they are for free silver."

"Tom Reed and Henry Cabot Lodge are already traveling the right road. It is true a good many down east Republicans and eastern newspapers will howl if Kansas Republicans stand for free silver, but what do we care about the east? We must take care of our ourselves, and this convention is going to adopt a platform which we can all stand on. There is no sense in sticking any longer to the Capital's gold ideas when all the people are opposed to that policy."

"If we have a free silver plank in our platform we can hold all the votes we had two years ago and get back thousands of others who left the party before. It is not only the farmers who are anxious for free silver, but the people in the towns are catching on to that idea; even the bankers, some of them, are for free silver. The two things the people believe in are free silver and a high protective tariff. If we build a platform with those principles in the front, and leave out the unnecessary trash, we can win with a good ticket sweep the state."

"In regard to prohibition. Well personally you know what I think about prohibition, but that will have to be settled in the convention, and I believe it will be settled without a fight, and that prohibition will not be mentioned. The Populists won't say anything about either prohibition or suffrage. I believe that the suffrage amendment is going to carry, but it should not be made a party issue by putting it in the platform. That's what's the matter with prohibition; it has been killed by making it a political issue."

"I have been keeping tab on the Populist county conventions, and of all their conventions held last week, as many as seventy refused to endorse the plan of putting a suffrage plank in their platform. If we put in free silver and high protective tariff planks, and say nothing about prohibition and suffrage, we will steal all the Populist's thunder. Their voters don't care anything about this howl about the state house gang and machine. They understand that their state officers must obey the law, and all their actions must be in accord with some specific law."

"Outside of the fight on resolutions and platform the principal fight in the convention will be on chairman, and on the nomination of congressmen at large, and on the nomination of state, auditor and lieutenant governor."

"A. W. Smith wants to be chairman of the convention, and some of Morrill's friends would like to see him have it, but Joe Ady wants Peters to be chairman and that brings the senatorial fight into the convention. I am inclined to think someone outside will be chairman, as since coming here and even before I arrived I have been hearing a very strong sentiment expressed against allowing the senatorial fight to enter the state convention."

"In regard to the chairmanship of the state central committee Mr. Higgins said: 'Jim Simpson wants the chairmanship again as a sort of a vindication but he will hardly get it. Cy Leland don't want it himself this time on account of business reasons, but he would like to have it given to Bill Starnes. It is a little too early yet to say where it will go.'"

"In regard to the contest for congressmen at large, I am inclined to think the chances are between Dick Blue and Ed Greer. George Douglass is going to have more strength than he has been credited with, but he will hardly get the nomination. The people don't want to make the kind of a campaign the nomination of Douglass would necessitate; they want to go before the people with free silver as the issue this year."

THE DELEGATES COMING.
Assembling of the Republican State Convention Here.

The Republican State convention will convene Wednesday noon at Hamilton hall and the delegates are gathering and preparing for the fight over nominations and platform.

This is to be one of the greatest con-

ventions in the history of the party in Kansas as on the work of the convention depends the fate of the party.

If the ticket nominated this week marches to victory in November on the platform adopted by this convention all will be well, but if the Republicans should lose this year, there is a possibility that they may not, for some time, perhaps never, get control of the Kansas state government. Every delegate elected to this convention realizes that it is important that the right men should be nominated and the right platform adopted if it ever was important in the history of any party.

It seems to be a foregone conclusion in the minds of all the delegates who have arrived so far, that Major E. N. Morrill is to be nominated for governor and most of the other candidates are already calling him "governor." Major Morrill and his Brown county backers, Cy Leland and John Schilling, arrived at noon and will keep open house at the Copeland until the convention is over. George Martin and his delegation of Wyandotte county supporters, are expected to arrive this evening.

All the candidates will have headquarters at the Copeland and most of the headquarters will be open by tomorrow morning. There are to be many new men in this convention and even among the advance guard there is quite a sprinkling of new faces.

Chairman Jim Simpson of the state central committee, is here and building his fences to keep that job from getting outside his corral.

Dr. D. W. King, who wants the nomination for lieutenant governor, is here and is getting acquainted with the newcomers.

F. B. Dawes and W. F. Guthrie, the two candidates for attorney general, arrived yesterday.

D. W. Eastman and Otis L. Atherton, candidates for state treasurer, are here, and Bruce Lynch, who was the nominee two years ago and wants the place again this year, is also in town.

Billy Edwards, Frank Brown and Captain J. S. McDowell, candidates for secretary of state, are here. McDowell's chief worker is Billy Nelson, of Smith Center, and Billy knows how to rustle. Three candidates for auditor, Tom Kelly, George Cole and H. P. Myton are with the advance guard.

The big delegations with brass bands and banners in the interest of the various candidates will arrive tomorrow, and it is expected there will be as much noise as there was two years ago when Col. Marsh Murdock brought half the male population of Wichita to Topeka in the interest of his gubernatorial boom.

The lieutenant for the candidates for congressmen at large are here opening headquarters and preparing for the fight. Geo. W. Jones of Linn county is in charge of Dick Blue's forces, and Bill Hackney is Ed Greer's right hand man. Besides these, however, Douglass and Greer are both on the ground.

ALL FOR FREE SILVER.
The People of the State Demand It, Says Hon. F. G. Powers.

F. G. Powers, of Winfield, a member of the legislature, is here, and working for the nomination of Greer for congressman at large.

"I want to predict," he said, "that a free silver plank will be adopted by the state convention. The majority of our people are for free silver, and a demand will be made for a silver plank. Without being over sanguine I believe that Greer will be nominated. He will go into the convention with a good force to start with. He will be a strong man for the convention to nominate, and will poll a big vote at home, for he has been an uncompromising Republican."

RUSH IS HOPEFUL.
He Thinks He Stands a Good Chance of Being Nominated.

Senator J. W. Rush thinks he has a good chance to be nominated for lieutenant governor. "Edwards got the delegation from our county. I made no effort to secure it, but I think that he is not in the fight for secretary of state. If he can't be nominated I stand a good chance. There will be no one nominated on the first ballot, and if no slate is fixed up I will be in it. I have seen no evidence of a slate, and I believe it would be broken if fixed."

FOR DICK BLUE.
The Linn County Delegation Will Work For Him and Against Suffrage.

Geo. W. Jones heads the Linn county delegation to the state convention, which will fight for the nomination of Blue for congressman at large. "We are against putting either woman suffrage or prohibition in the platform. All we want is the nomination of Blue, and from what I can learn he has a good chance to be nominated. Our delegation will vote for Morrill, but beyond that we have not made up our minds."

KING WILL BE NOMINATED.
At Least That is What He Says About It.

Dr. D. W. King of War City is here and is satisfied that he has the nomination for lieutenant governor within his reach.

"I am going to be nominated on the first ballot," he said. "The people see that it is the only thing to do. Some one must be nominated who can get the miners' vote and I am satisfied that I can do that. Gov. Lewelling promised the miners that they might choose the mine inspector and he refused to appoint the man they recommended so they are naturally sore. I live among the miners and was elected mayor of War City which is a Populist town. If I am nominated I will carry the southeastern part of the state."

TWO PLANKS.
One Delegate Who Favors Putting Suffrage and Prohibition in the Platform.

Judge D. M. Frost, of Garden City, is at the head of the Finney county delegation. "We are for Myton for state auditor and that is all," he said. "I am in favor of putting woman suffrage in the platform, of course. I believe in letting the people know just where we stand. I am also in favor of another thing, and that is an irrigation plank, and we are going to get it too. Of course we do not expect to get state aid. What we are after is federal help, and we want it made an issue."

Judge Frost is chairman of the State Irrigation association.

THIS IS WAR.

The Shadows Gather Over Ill-fated Colorado.

Two Armies Confront Each Other at Cripple Creek.

Women and Children Removed from the Town.

LAW DISREGARDED.

Both Sides Make Arrests and Hold Hostages.

Gen. Palmer of the Rio Grande is in Command

OF DEPUTIES' ARMY.

Johnson, a Graduate of West Point, of the Miners.

CRIPPLE CREEK, Colo., June 4.—A reign of terror exists in this city. Women and children are being removed to places of safety. The general belief is that the deputies will advance against the strikers on Bull Hill today or tomorrow.

It is reported that Gen. W. B. Palmer, who built the Denver & Rio Grande railroad and who has an established reputation as a fighter, will be in command of the deputies' army, with Gen. Charles Adams in direct charge of the cavalry.

The fighting force on Bull Hill was increased today by the arrival of seventy-eight coal miners from Fremont county, and now numbers about 1,300 men.

A skirmish took place at an early hour today near the Midland toll gate between three miners and five deputies, who were sent out from the main body at Divide as pickets. Jack Davis, a miner, was shot in the arm and a deputy was seriously wounded. The deputies were forced to retreat.

Besides taking Henry E. Woods, president of the Victor townsite company, into custody, the strikers last night seized Clarence O. Finch, county superintendent of schools, and D. E. Wilkins, a Colorado Springs school teacher, and they are now held prisoners on Bull Hill as hostages for President Calderwood, or any other miners who may be arrested.

John Shorten, editor of the Cripple Creek Herald, organ of the miners' union, has been arrested by the deputies. It is reported here that over 1,000 deputies have taken a train at Divide for Midland, the terminus of the Midland Terminal railroad, and will proceed at once to Bull Hill.

The telegraph office at Divide refuses to send out messages, and the sentinels will not permit any travel between this city and Divide.

The deputy wounded in the skirmish today was taken to Midland. His name has not been learned.

It is stated on good authority that J. J. Johnson, who is commanding the strikers' forces on Bull Hill, will find himself in the hands of the United States secret service before many days. It is said that Johnson was expelled from West Point for taking part in the hazing of the son of General Logan.

WICHITA ST. MILES.
3:30 p. m. In spite of the denial from Divide that the deputies have broken camp, it is rumored here that they are within six miles of Bull Hill. Couriers who succeed in passing the sentries report that the deputies left Divide early today.

Latest News.
DENVER, June 4, 3:45 p. m.—It is impossible to learn definitely whether the deputies who have been assembling at Divide have moved forward today for an attack on the miners holding Bull Hill and all its approaches, but the report from Cripple Creek that they have done so is generally credited and it is believed that the inevitable conflict will occur within a few hours. The telegraph operators at Divide and Midland in reply to messages of inquiry simply: "I can tell nothing."

The telegraph offices are in the hands of deputies, who will not allow messages to be sent except such as they approve.

Preparations for War.
COLORADO SPRINGS, Colo., June 4.—Preparations for war are going rapidly forward here, arms and ammunition are coming in daily. One hundred thousand rounds of ammunition shipped from Chicago Saturday arrived today. Rifles and revolvers are coming in daily and further shipments are expected from Chicago tomorrow.

Gatling Gun on the Way.
LA JUNTA, Colo., June 4.—A Gatling gun, 200 Winchester and a dozen boxes of ammunition from Chicago passed through here today for the use of the deputy sheriffs at Cripple Creek. Fifty Remingtons and fifty thousand cartridges went through last week.

A Call For Troops.
DENVER, June 4.—Sheriff Radford of Las Animas county, has made a demand upon Gov. Waite for troops. He says 500 coal miners are making threatening demonstrations at the camps in that county, and that his features are inadequate to control them.

SANTA FE WANTS AID.
Miners at Streater Interfere With the Running of the Road.

CHICAGO, June 4.—The Santa Fe road applied to Judge Grosscup of the United States court today for aid in subduing the miners alleged to be interfering with the operation of the road at Streater, Coal City and other Illinois points. The road being in the hands of the court through a receiver, Judge Grosscup ordered United States Marshal Arnold to proceed to Streater immediately with a posse and instructed him to swear in all the deputies necessary.

MYRON REED'S SYMPATHIES.
The Denver Preacher Loses Half His Sunday Congregation.

DENVER, June 4.—Rev. Myron Reed said in his sermon yesterday: "The deputy sheriff with his Winchester, who through pinch of poverty or politics perhaps, or both has enlisted at \$5 a day does not quite know what he is doing. The miner upon the barricaded hill has a deep sense that he was there first. My heart goes out to him." About half the audience walked out to show their disapprobation.

CALLING IN REINFORCEMENTS.
The Miners and Militia are Close Together in Indiana.

INDIANAPOLIS, June 4.—A special to the News from Shelbyville says the striking miners there are bringing reinforcements from outlying mines by firing anvils as signals. They expect to have 500 men there by the middle of the afternoon, and say no more coal cars shall be allowed to go through. The state militia, under command of General McKee, are eight miles away, having gone there by orders of Sheriff Mills. The situation is regarded as critical.

MINERS BY THOUSANDS.
Congregate at Wellston, Ohio, to Ask Questions of a Railroad.

WELLSTON, O., June 4.—The largest mass meeting or convention of miners ever seen in this region has gone into session, after a parade which showed the number to be 3,800.

The leading matter to be considered is the hauling of non-union coal from the West Virginia mines. The convention, it is said, will require of the officers of the Norfolk & Western road a categorical answer to questions whether they intend to haul West Virginia coal or not.

CAPTURED WEALERS.
A Fresh Batch of Them Taken in at Ellis on Sunday.

United States Marshal Neely and Commissioner E. A. Wagener have captured one more army of commonwealers for alleged theft of a railway train; and as the railroad involved is in the hands of receivers, the men can be dealt with more speedily than with less red tape than has been the case of the Missouri Pacific vs. Sanders.

The railroad is the Union Pacific, and the "army" consists of seventy men who comprise the third regiment of the second division of the California commonwealers, from San Francisco. These men stole a Union Pacific train at Watkins, Colorado, Saturday evening. The company's solicitor, A. L. Williams, of Topeka, was notified at once, and he at once began communication with Marshal Neely and Commissioner E. A. Wagener, as well as several of the company's officials. As the result a special train was made up at Kansas City Sunday morning, that reached Topeka at 11:30. Among those who were on the train when it pulled out of Topeka were Marshal Neely, Commissioner Wagener, Claim Agent Jenkins, Solicitor A. L. Williams, Attorney N. H. Loomis, Chief Detective S. S. Peterson and about fifty deputy United States marshals. Eighteen marshals were secured at Topeka. They were headed by Reub Randlett, ex-chairman of the Republican city central committee. The train made a fast run, going at sixty miles an hour. At Ft. Riley fifteen stands of arms and ammunition were taken aboard.

The train stealers were overtaken at a sidetrack six miles this side of Ellis, shortly before sundown. On reaching the Coxe train Marshal Neely took a few men and going to where they were seated on top of the box cars, commanded them to get down. Captain Ralston asked if they were prisoners. Marshal Neely replied that they were United States prisoners, and the men at once complied. They probably were to be taken east, and were rather pleased at the arrest.

Their hopes, however, were not realized. They were ordered to climb into two box cars, the engine started west, and at 8 o'clock they were at the place they had quitted an hour before. The men were put into a baggage car connected with the marshal's train, a body of deputies placed on guard, and they were started for Denver.

John Ralston the captain of the company and Lieutenants Wood and Hardt were taken to Leavenworth. Federal Judge Thomas of North Dakota, is holding court there and the men will be taken summarily before him on the charge of contempt of court. At Denver the prisoners will be tried before Judge Ellis on the same charge. Deputy Marshal James Gray, who took the men to Denver and turned them over to the marshal of the Colorado district, is the man who has been in charge of the Sanders prisoners.

THE KEY NOTE.
We do not always agree with ex-Secretary Higgins, called "Bill" by those who are more intimate with him than we are, but we do endorse the straight-forward talk he makes in today's STATE JOURNAL on Free American Silver.

The most important political question before the people today is the financial one. The remonetization of silver is most necessary to real prosperity. Cleveland has committed Democracy to gold. The Populists are for fiat money. Let the Republicans sound the key note of restored silver, and let it be so clearly sounded that the state of Kansas will ring with it—with the true ring of the glorious white metal.

Died.
Raymond Adam Brown, infant son of Mr. and Mrs. Frank J. Brown, passed quietly away at 8:30 Saturday evening, from cerebro spinal meningitis. The funeral services took place at 2:30 this afternoon at the residence, 829 Huntoon street, conducted by Rev. Dr. S. B. Alderson.

Silver Commission Decided Nothing.
BERLIN, June 4.—The silver commission which was convened in February last concluded its labors today without arriving at any decision.

Cairo Objects to Kelly.
CAIRO, Ill., June 4.—The mayor of Cairo today issued a quarantine proclamation against the entrance of Kelly's industrial navy into this city on account of the navy having been exposed to smallpox. The navy will reach here Wednesday.

THREE FIRES.
Three times the fire department has been called out since Saturday. At 6:45 Saturday the firemen were called to the Rock Island depot by a false alarm.

At 4:05 Sunday morning fire was discovered in the furniture store of Reed & Tomlinson at 510 Kansas avenue. Damage small.

Last evening at 9:30 Box 41 was pulled for a fire south of the fair grounds, located near Twenty-third and Tyler streets. The house, which was owned by J. Thomas and unoccupied, was out of the reach of water. It was totally destroyed.

ST. JOE SHAKEN.

By the Failure of Its Largest Grocery House.

Steele & Walker Make an Assignment Today.

LOSSES VERY HEAVY.

The Liabilities Are Estimated at \$725,000.

A Short Run Started Upon Two of the Banks.

ST. JOSEPH, Mo., June 4.—At 4 o'clock this morning, Steele & Walker, one of the largest wholesale grocery firms on the Missouri made an assignment for the benefit of their creditors, W. W. Wheeler and Beattie Weakley, being named as trustees.

At the same time of the filing of the papers of assignment, D. M. Steele and S. A. and J. W. Walker filed instruments conveying all their other property to the trustees for the benefit of the creditors. The liabilities of the firm are placed at \$725,000, and it is claimed the assets will exceed this amount by a good sum.

In making the assignment nothing was reserved except the homestead of Mr. Steele, both the Walkers conveying their residence property to secure the liabilities. This firm was composed of D. M. Steele, S. A. Walker and J. W. Walker, and has been regarded as one of the strongest in the west. D. M. Steele having been rated at from \$720,000 to \$1,000,000.

Cause of the Failure.
The failure is the result of lack of confidence. At the time of the schuster failure several weeks ago, when it became known that he was a heavy debtor to the First National bank, in which bank Steele & Walker were both large stockholders, the creditors of the latter firm began to pressing their claims and the failure of this morning was the result.

When it was announced today that the firm had made an assignment, a run was started on the First National and the Central Savings banks, in both of which Messrs. Schuster, Steele and Walker were large stockholders. Considerable excitement was caused by the run, and thousands of dollars were withdrawn shortly after the opening hour.

Great crowds are gathered around the First National and Central Savings banks. In the case of the Savings bank, depositors were allowed to draw but \$50, the thirty day rule being enforced on all checks for a larger amount.

At noon when it became evident that the banks had plenty of money the crowds of depositors dwindled to a few dozen, when before that time the line had extended far out into the street. It is claimed both banks will pull through and it is hardly likely the runs will extend to any other banks or last longer than today at most.

WICHITA HOUSE CLOSES.
A Branch of Steele & Walker at That City Shuts Its Doors.

CHICAGO, June 4.—Steele & Walker, the wholesale grocers at St. Joseph, Mo., who are reported in trouble, are rated as worth \$750,000 to \$1,000,000. They had a branch at Wichita, Kans. Liabilities are put at \$750,000. The two St. Joe banks which are suffering runs, are banks in which they were directors.

WICHITA, Kan., June 4.—Steele & Walker's branch house has closed here on account of the failure of the St. Joe house.

STATE MILLERS HERE
To Consider the Pushing of Kansas Hard Wheat in New England.

The Kansas state miller's association is in session at the National. The question of most importance to be considered is the introduction of Kansas hard wheat on the New England market. A temporary organization for that purpose has been made. It is called the Kansas Consolidated Hard Wheat Miller's association, and E. A. Cochrane of McPherson is chairman. A permanent organization will be made at this session. The organization will only include the millers who manufacture flour from hard wheat.

LABORING MEN TO MEET.
There will be a mass meeting of laboring men at Trades and Labor Assembly hall this evening at 8 o'clock. It will be addressed by Henry Krentlow, general organizer of the International Cigar-makers' Union, and others. Everybody is invited to attend.

Case Compromised.
Joe Waters, attorney for J. R. Stanley, who has been in jail several months awaiting trial for forgery, announced today that County Attorney Safford has agreed to let Stanley plead guilty to a misdemeanor, and the time he has already spent in jail is to be applied on his sentence.

Raymond Adam Brown, infant son of Mr. and Mrs. Frank J. Brown, passed quietly away at 8:30 Saturday evening, from cerebro spinal meningitis. The funeral services took place at 2:30 this afternoon at the residence, 829 Huntoon street, conducted by Rev. Dr. S. B. Alderson.
